Remote Desktop Web Access

You can access A&F's RD Web using any internet browser; however, if you are on Windows using Internet Explorer provides a better user experience. Differences are noted below.

Table Of Contents

Logging into A&F's Remote Desktop Web Access (RD Web)

1. Launch a web browser
   NOTE - If you are on Windows we suggest using Internet Explorer for a simpler experience
2. Go to: https://rds.afd.calpoly.edu/RDWeb
3. Enter your full Cal Poly email address and your Portal Password then click **Sign in**

Internet Explorer	All Other Browsers
Login	**Login**
Username: jmustang@calpoly.edu	Username: jmustang@calpoly.edu
Password: ••••••••••••••••••••	Password: ••••••••••••••••••••
Security (show explanation) ⦿ This is a public or shared computer ◯ This is a private computer	Warning: By logging in to this web page, you confirm that this computer complies with your organization's security policy.
Sign in	Sign in
To protect against unauthorized access, your RD Web Access session will automatically time out after a period of inactivity. If your session ends, refresh your browser and sign in again. Launching a Web App

1. Select the web app you wish to open

2. Click **Connect** if the RemoteApp dialog box opens
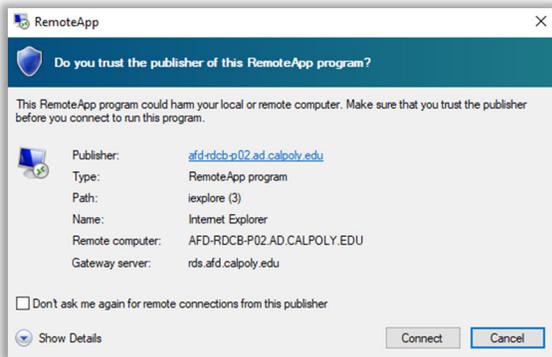

3. For all browsers other than Internet Explorer, selecting a web app will initiate the download of a .rdp file. Launch this file to start the selected app.

If asked how you want to open this file, select **Remote Desktop Connection,** set it as the default then click **OK.**
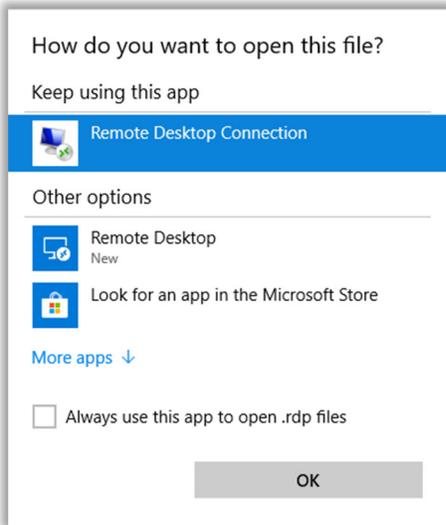

4. You may be prompted to log in if you are working on a device that is not state-owned. Enter your full Cal Poly email address and your Portal Password then click **OK**.

Signing Out

Remember to sign out when you are finished
