## Benefit Pool Buy-in Rates

FY2023-24

|  | Position Action |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | Permanent Transfer |  |  |  |  |
| Unit | New Position | IRP | Replacement Above Prior | Transfer From Other Fund | PT to FT funding |
| C99 | 65.99\% | 39.65\% | 39.65\% | 65.99\% * \% xfer to SL001 | Case By Case |
| M80 | 57.28\% | 39.65\% | 39.65\% | 57.28\% * \% xfer to SL001 | Case By Case |
| R01 | 48.24\% | 39.65\% | 39.65\% | 48.24\% * \% xfer to SL001 | Case By Case |
| R02 | 70.01\% | 39.65\% | 39.65\% | 70.01\% * \% xfer to SL001 | Case By Case |
| R03 | 63.80\% | 39.65\% | 39.65\% | 63.8\% * \% xfer to SL001 | Case By Case |
| R04 | 69.23\% | 39.65\% | 39.65\% | 69.23\% * \% xfer to SL001 | Case By Case |
| R05 | 84.07\% | 39.65\% | 39.65\% | 84.07\% * \% xfer to SL001 | Case By Case |
| R06 | 67.34\% | 39.65\% | 39.65\% | 67.34\% * \% xfer to SL001 | Case By Case |
| R07 | 76.31\% | 39.65\% | 39.65\% | 76.31\% * \% xfer to SL001 | Case By Case |
| R08 | 79.33\% | 51.45\% | 51.45\% | 79.33\% * \% xfer to SL001 | Case By Case |
| R09 | 67.22\% | 39.65\% | 39.65\% | 67.22\% * \% xfer to SL001 | Case By Case |
| R11 | 1.77\% | 1.45\% | 1.45\% | 1.77\% * \% xfer to SL001 | Case By Case |

## Notes

All rates are percentage of salary and are applicable to fund SLOO1 only
Events funded with new funding - salary funding will be allocated to the department and benefit funding to the pool Events funded from existing funding - benefit cost per the above grid will be transferred from department to the pool

## Rate Details

New Position - All benefit types
IRP - Incremental benefit types that are a direct function of salary - OASDI, Medicare, Retirement
Replacement Above Prior Incumbent - Same as IRP: Incremental benefit types that are a direct function of salary - OASDI, Medicare, Retirement
Transfer from Other Fund - All benefit types times percentage transferring to SL001
PT to FT Funding - Case by case depending on PT benefits before transition to FT

Comparison example of increase funded by department's existing funding
Example = IRP 10K - Use IRP rate ( $39.65 \%$ ) for benefits (incremental - retirement/OASDI/Medicare)

|  | Not Centralized |  | Centralized |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | Budget Before Increase | After Increase | Budget Before Increase | After Increase |  |
| Base Funding | \$500,000 | \$500,000 | \$350,000 | \$346,035 | <- transfer add' \$ $\mathbf{3 , 9 6 5}$ to pool to fund benefit increase (\$10,000 * 39.65\%) |
| Benefit One-Time Funding | \$0 | \$0 | \$150,000 | \$153,965 |  |
| Total Funding | \$500,000 | \$500,000 | \$500,000 | \$500,000 |  |
| Salary | \$250,000 | \$260,000 | \$250,000 | \$260,000 |  |
| Benefits | \$150,000 | \$153,965 | \$150,000 | \$153,965 |  |
| OE | \$85,000 | \$85,000 | \$85,000 | \$85,000 |  |
| Unallocated Base | \$15,000 | \$1,035 | \$15,000 | \$1,035 |  |
| Total Expenses | \$500,000 | \$500,000 | \$500,000 | \$500,000 |  |
| Net | \$0 | \$0 | \$0 | \$0 | <- same impact as no centralization (unless vacancy occurs in which those savings will accrue central as intended) |
