WHO IS THE CAL POLY CORPORATION?

Mission Statement:

“The Cal Poly Corporation provides self-supporting, responsible, diversified, creative and quality services, which complement the instructional program of the university and assist the institution in achieving its educational mission.”

• Established in 1940
• Purpose is to provide the campus community with services that cannot be financially supported by the State or can be more effectively run by a separate Corporation
• CPC receives no state funding and all operations are 100% self-supporting
• 10 member Board of Directors including faculty, students and community members
• 3,950 employees during the 2013 calendar year
