Sources Available for University Use

- University Campus Program funds (UCP) are spending accounts that reside with the University and are funded by the following sources held by the Cal Poly Foundation:
  - Gifts
  - Endowment Distributions
- UCP funds are always restricted and in practice are categorized as follows:
  - Restricted – For example, can only be used for the purchase of Robotic equipment for Mechanical Engineering
  - Discretionary – For example, can be used to support the Mechanical Engineering department

Cal Poly Foundation
Funding Source Restrictions

- Need to differentiate between donor imposed restrictions vs. internal restrictions
  - Donor imposed restrictions are stipulated in the donor agreement that accompanies the gift
  - Internal restrictions are communicated by campus personnel
  - Regardless of funding source, all expenses must always be for bonafide University business purposes. i.e. no personal expenses are allowed.

Note: Internal and donor imposed restrictions will affect a department's ability to spend.
Cal Poly Foundation
Funding Source Restrictions

- How do University Campus Program fund restrictions affect my ability to spend?
  - Expenditures that will be charged to a University Campus Program fund are reviewed by University Campus Programs and may not be allowed depending on documented restrictions in place.
