Section I: GENERAL INFORMATION

What is a ProCard?

The Procurement Credit Card (ProCard or P-Card) is a tool for faculty, staff, and departments to make purchases of goods or services on behalf of the University for which Cal Poly is financially liable. Procurement Services is the only department on campus that was delegated the authority from the Chancellor’s Office to procure goods and services on behalf of Cal Poly. In turn, this authority is delegated to various departments, faculty, and staff within specified spending limits. This delegation of authority comes with the responsibility for departments to observe all University policies and procedures related to purchasing, and to observe all laws and regulations (state and federal) that apply to the commercial transactions placed via a ProCard.

ProCard is designed specifically for low value and low volume purchases in order to achieve cost savings and improve processing time. A ProCard is a privilege that can be revoked in cases of non-compliance to established policies and procedures.

Types of ProCards

There are two types of ProCard: an Individual ProCard and a Department Card issued to a department and assigned to a Card Administrator. The policies and procedures are the same for both types of ProCards, unless specifically noted.

INDIVIDUAL PROCARD

An Individual ProCard is issued to an employee in their name. This card can be used to make purchases of low value, low volume, and off-campus services in accordance with this Policy Manual.

DEPARTMENT CARD

This card is issued in the name of a department and can be assigned up to two Department Card Administrators, who are responsible for the use of the card. This type of ProCard should be requested if the need arises for multiple employees to use the card.
Section II: APPLYING FOR A PROCARD

1. Select an Approving Official.

An Approving Official is defined as an employee with a classification of MPP, Department Head, Department Chair or Confidential Employee. An Approving Official will review and authorize the cardholder’s charges each month and should be at least one level above the cardholder. A cardholder cannot approve his or her own charges.

An approver for the department card and Department Card Administrator cannot be the same person, as the delegation of authority is necessary for fiscal accountability.

2. Determine a Monthly Spending Limit.

The cardholder’s Approving Official and/or Department Budget Analyst will help determine the monthly spending limit for a cardholder. Monthly spending limit should be set to accommodate your department’s purchasing needs. Because the ProCard is designed for low-value and low-volume purchases, monthly spending limit shall not exceed $10,000. Single purchase limit cannot exceed $3,500.

The ProCard Program Administrator will periodically assess spending limits on the ProCard. The spending limits may be modified upon the ProCard Program Administrator’s discretion if they are not commensurate to the amounts spent on the card.

3. Determine a Default Chart of Accounts.

Chart fields need to be requested as the default on your card. Typically, the Administrative Coordinator or Budget Analyst of the department will know what chart fields to use. All charges on a credit card will be charged to this default chart of accounts, unless they are changed in PeopleSoft Financials during the reconciliation period (please refer to the ProCard Calendar on our website for the billing cycle dates).

4. Complete an Application and have it signed by the cardholder and Approving Official.

5. Training.

ProCard will arrive at Procurement Services office. The ProCard Program Administrator will contact the cardholder regarding training. A training session is mandatory for all cardholders, and must occur before the card is released to the cardholder. The cardholder must sign the Cardholder’s Agreement.

Existing cardholders may at times be required to retrain, if deemed necessary by the ProCard Program Administrator.
6. **Activation.**

To activate the ProCard, call the US Bank customer service number (800) 344-5696. If calling from a campus phone, after the system answers press 9 to activate the tone sender.

- Enter 16-digit US Bank credit card account number.
- Enter Cal Poly’s zip code 93407.
- Press “1”.
- Enter the last four (4) digits of Cal Poly’s generic social security number, “9999”.
- Enter business phone number provided upon application.
- Press “1”.

*Sign the back of your card.*

6. **Hazardous Materials.** Hazardous materials may include hazardous chemicals, compressed gases, radioactive materials, biological organisms, and controlled substances and precursor chemicals, as defined by federal, state, and local regulations and University policies. Attach your receipt and letter of explanation to your monthly ProCard Statement.
