RE: Catering on Campus

Cal Poly continues to allowing approved off-campus catering vendors to provide services on campus. We are looking for well-established, dependable caterers to provide a variety of catering services. The scope of this approval will encompass delivering and setting-up food for an on-campus event or meeting, with or without service. Most will likely be prepared and cooked off-site, but there may be an occasional on-site food preparation request. Please be aware that the catering vendor that provides this type of service will not have access to campus kitchens or food prep areas. With the appropriate insurance and ABC license, events including the service of alcohol will be allowed under the program.

A recap of the most recent year's activities highlighted approximately $1.5 million spent on catering services for on-campus events. These included breakfast, lunch, break, dinner, and reception service. The level of service provided varied, from dropping off and setting up a buffet line to full service dinners with food prepared on site. With the option of utilizing outside catering vendors, in addition to the services of our University Catering Department, we hope to provide our campus community with added flexibility and variety of catering services.

Strategic Business Services (SBS), on behalf of the University would like to invite you submit an application to renew your status as an approved catering vendor. SBS will be accepting application packets through July 15th and will decide on approval status by July 31st. Approvals will be valid from the date of approval through July 31, 2017. Please make sure you return all documents as requested on Exhibit E "Submission Checklist".

The application packet can be found at the following link: https://afd.calpoly.edu/cprm/vendorinfo.as

In order to be considered, return the entire packet (including the receipt for the payment of the $50.00 application fee) to the SBS office (located on the Cal Poly campus in Building 1, Room 128) no later than July 15, 2016. If, in the sole opinion of the CSU, the return of such infringing product makes the retention of other products acquired from the Contractor under this contract impractical, the CSU shall then have the option of terminating the contract, or applicable portions thereof, without penalty or termination charge.
