Fire and Life Safety at Cal Poly

Cal Poly maintains a comprehensive fire safety program involving response, testing, drills, procedures, and inspection. The campus contracts with the San Luis Obispo City Fire Department for fire suppression response in the Local Response Area of campus. The California Department of Forestry and Fire Protection (Cal Fire) responds to the State Response Area of campus, including the outlying agricultural facilities and surrounding lands. Both agencies participate in mutual aid agreements to ensure complete and timely response to any fires on or near the campus property.
