

Student Success Fee Impact Report

FY 2022 – 23

	# Students Served	FY 2022-23 Funding
<p>Graduate Education used the allocated Student Success Fees to fund fellowships for graduate assistant opportunities allowing students to collaborate with faculty on research, scholarship or creative activities that are relevant to their field of study. A GA appointment gives graduate students the much-needed time and financial support to focus on the research that is required for their culminating experience, allowing them to gain experiences in professionally oriented initiatives. Moreover, our graduate students play a key role in the development of our teacher-scholar culture throughout campus.</p> <p>Students Served: 40 (CLA 3, CAFES 7, CENG 6, BCSM 7, CAED 4, OCOB 4, SOE 9)</p>	40	\$200,000
