

	Paid Faculty Members	# Classes Offered	# Students Served	FY 2024-25 Funding
Graduate Education Graduate Education used the allocated Student Success Fees to fund fellowships for graduate assistant (GA) opportunities, enabling students to collaborate with faculty on research, scholarship, or creative activities relevant to their field of study. A GA appointment provides graduate students with essential time and financial support to focus on the research required for their culminating experience, while also allowing them to gain experience in professionally oriented initiatives. Moreover, our graduate students play a key role in fostering the teacher-scholar culture across campus. Students Served: 32 (CLA 3, CAFES 8, CENG 9, BCSM 4, CAED 3, SOE 4, OCOB 1)	0	0	32	\$200,000
