~ Impact of Leave without Pay on Benefits Coverage ~

*Benefits coverage will lapse for employees who are on a full or partial leave without pay that results in a decrease in time base to less than half-time (40% for academic year lecturers and coaches) for a full pay period or longer. To avoid a lapse in coverage, the employee must elect direct payment of the full monthly premiums including the employer’s contribution.*

Current premium rate information can be found on the California State University website at: [www.calstate.edu/Benefits/healthcare/healthcare.shtml](http://www.calstate.edu/Benefits/healthcare/healthcare.shtml). If the premium rate changes while the employee is paying directly, the new premium amount must be paid to continue coverage.

**Health Care Reimbursement Account (HCRA) Plan Enrollees:** Health care expenses incurred while on leave are not reimbursable under HCRA unless the employee keeps the account active by paying contributions while on leave.

Direct payment for all benefit plans, including HCRA, are **not tax-deferred**. Coverage for the benefit plans listed above is automatically reactivated effective the first of the month following the employee’s return to regular pay status.

**For other voluntary deductions** (voluntary life insurance, auto insurance, credit unions, etc.), contact the plan carriers directly to ensure continued coverage during and after your return from leave. Phone numbers for most carriers can be found on the Human Resources website at: [www.afd.calpoly.edu/hr/benefits](http://www.afd.calpoly.edu/hr/benefits).
