Go to my.calpers.ca.gov and follow these steps:

1. On the Pre-Log In page, select Participant and Continue.
2. Select Register Now.
3. Accept the terms and conditions under the Security Agreement.
4. Identify yourself by providing your name, date of birth, last four digits of your Social Security number or your CalPERS Identification number.
5. Answer a set of questions about your CalPERS account to verify your identity.
6. Create a Username and Password, and enter your email address.
7. Choose a personal security image and message.
8. Choose your security questions and answers. It’s important to choose questions and answers you will remember.
9. Log in to myCalPERS.
Go to my.calpers.ca.gov and log into your myCalPERS account, then follow these steps:

1. Select the Retirement tab, then select **Retirement Estimate Calculator**.
2. Select **Start A New Estimate**.
3. Enter your **Retirement Date**, **Age**, or select **Earliest Retirement Date**, then select **Continue**.
4. Enter your **Monthly Final Compensation**, then select **Continue**. **Note:** If the Monthly Final Compensation is already entered, simply select **Continue**.
5. Enter your **Work Status**, then select **Continue**.
6. Enter your **Unused Sick Leave**, then select **Continue**.
7. If you have an eligible Survivor, select **Yes** to include that Survivor in your estimate, then select **Continue**. If your employer does not offer Survivor Continuance, step 7 will not be asked. Simply select **Continue** after entering your **Unused Sick Leave** and move on to Step 8. **Note:** A Survivor will be either your: spouse, registered domestic partner, minor children, unmarried disabled children, and economically-dependent parents.
8. Enter the number of **Lifetime Beneficiaries** you want to include, then select **Continue**. **Note:** If you do not want to include Beneficiaries in your estimate, select **Calculate Your Estimate**.
9. Enter the **Birthdate** of your Beneficiary(ies), then select **Calculate Estimate**.
10. When your **Estimate** is complete, you can either **Save** or **Recalculate Your Estimate**.
