Re: Regulated Equipment and Tools

The Cal Poly Police Department (CPPD) is committed to transparency, communication, and engagement with members of the campus community. In July of 2022, the Board of Trustees approved the system-wide Regulated Tools and Equipment policy. This policy was adopted as outlined by Assembly Bill 481 and requires every law enforcement agency in the State of California to publish certain information annually regarding specified equipment.

Of the sixteen regulated types of equipment and tools, CPPD utilizes:

- A command and control vehicle.
- Kinetic energy munitions (less lethal bean bags).

Information regarding the use, policy compliance, funding, and inventory for the 2023 calendar year to date are outlined below.

Summary of how regulated tools and equipment were used, and the purpose of its use:

- CPPD did not have any cases involving the use of the kinetic energy munitions.
- CPPD deployed the command and control vehicle on Oct. 15, 2023, to assist managing a large sporting event and again between Oct. 27 and Oct. 31, 2023, to accommodate an Emergency Operations Center (EOC) training event.

Summary of any complaints or concerns received concerning regulated tools and equipment:

- CPPD did not receive any complaints or concerns regarding the use of the kinetic energy munitions or the command and control vehicle.

Results of any internal audits, any information about violations of the regulated tools and equipment policy, and any actions taken in response:

- CPPD did not receive any audit findings or information about violations associated with the regulated tools and equipment policy.

Annual cost and source of funds for regulated tools and equipment:

- Total expenditures in 2023 for planned purchases to support training and readiness of the kinetic munitions is \$1,000.00, which is expended from UPD general fund.
- Total expenditures in 2023 for planned purchases to support training and readiness of the command and control vehicle is \$400.00, which is expended from UPD general fund.

Current inventory of regulated tools and equipment:

- CPPD currently possesses one (1) Remington Model 870, 12-gauge shotgun, pump action, standard grip, orange stock and fore-end, and a magazine tube holding four (4) to six (6) rounds of Defense Technology 12-gauge drag stabilized less lethal bean bag rounds consisting of a fabric sock containing lead shot contained within a standard 2 ¾ inch shot shell casing.
- CPPD currently possesses one (1) self-contained command post trailer including command, control, and communications equipment.

Planned purchases of additional regulated tools and equipment in:

- CPPD does not plan to purchase any regulated tools and equipment.

To further our efforts toward transparency and open communication, CPPD will host a community engagement event to discuss information contained within this report on November 15, 2023, at 4PM in Building 36, Room 105, the Public Safety Training Room. The community engagement event is open to all students, staff and faculty at Cal Poly.
