

Annual Report of Regulated Equipment

The Cal Poly Police Department (CPPD) is committed to transparency through communication and engagement with members of the campus community. In July of 2022, the Board of Trustees approved the system-wide Regulated Tools and Equipment policy. This policy was adopted as outlined by Assembly Bill 481 and requires that every law enforcement agency in the State of California publish certain information annually regarding specified equipment.

Annual Report Information

Included in the 16 regulated types of equipment and tools, CPPD utilizes are:

- A command-and-control vehicle
- Kinetic energy munitions (less lethal bean bags)
- Munitions containing oleoresin capsicum (OC), excluding standard, service-issued handheld pepper spray.

Information regarding the use, policy compliance, funding and inventory for the 2022 calendar year to date are outlined below:

Summary of how regulated tools and equipment were used, and the purpose of its use:

- CPPD did not have any cases involving the use of the kinetic energy munitions.
- CPPD did not deploy the command-and-control vehicle.
- CPPD did not have any cases involving the use of munitions containing oleoresin capsicum (OC).

Summary of any complaints or concerns received concerning regulated tools and equipment:

- CPPD did not receive any complaints or concerns regarding the use of the kinetic energy munitions, munitions containing oleoresin capsicum (OC), or the command-and-control vehicle.

Results of any internal audits, any information about violations of the regulated tools and equipment policy, and any actions taken in response:

- CPPD did not received any audit findings or information about violations associated with the regulated tools and equipment policy.

Annual cost and source of funds for regulated tools and equipment:

- Total expenditures in 2022 for planned purchases to support training and readiness of the kinetic munitions is \$1,000.00, which is expended from CPPD general fund.
- Total expenditures in 2022 for planned purchases to support training and readiness of the command-and-control vehicle is \$100.00, which is expended from CPPD general fund.

- Total expenditures in 2022 for planned purchases to support training and readiness of the munitions containing oleoresin capsicum (OC) is \$1,000.00, which is expended from CPPD general fund.

Current inventory of regulated tools and equipment:

- CPPD currently possesses one (1) Remington Model 870, 12-gauge shotgun, pump action, standard grip, orange stock and fore-end, and a magazine tube holding four (4) to six (6) rounds of Defense Technology 12-gauge drag stabilized less lethal bean bag rounds consisting of a fabric sock containing lead shot contained within a standard 2 ¾ inch shot shell casing.
- CPPD currently possesses one (1) self-contained command post trailer including command, control, and communications equipment
- CPPD currently possesses three (3) Pepper ball guns

Planned purchases of additional regulated tools and equipment in:

- CPPD does not plan to purchase any regulated tools and equipment

To further our efforts toward transparency and open communication, CPPD will host two community engagement events to discuss information contained within this report, on Jan. 20 and 25, 2023 at 5 p.m. in Building 36 room 105, the Public Safety Training Room. The community engagement event is open to all students, faculty and staff at Cal Poly.
