

Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1012.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.2.1 PURCHASE OR POSSESSION OF DRUGS OR ALCOHOL ON-DUTY

Department employees shall not purchase or possess alcohol or other controlled substances on University property, at work, or while on-duty except in the performance of a special assignment as described in this policy.

Department employees shall not illegally manufacture any alcohol or drugs while on-duty, on University property or at any other time.

1012.2.2 USE OF PRESCRIBED MEDICATIONS

Any employee who is required to take any medication with side effects which might impair his/her ability to fully and safely perform all requirements of the position shall report the need for such medication to the immediate supervisor prior to commencing any on-duty status. No employee shall be permitted to work or drive a department-owned or department-leased vehicle while taking such potentially impairing medication without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1012.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

Drug- and Alcohol-Free Workplace

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1012.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.5.1 ADDITIONAL SCREENING TESTS FOR OFFICERS

The Department may request an employee to submit to a screening test if the employee:

- (a) Is a law enforcement officer and, during the performance of his/her duties, discharges a firearm other than by accident.
- (b) During the performance of his/her duties, drives a motor vehicle in such a manner as to cause bodily injury to him/herself or another person or substantial damage to property.

1012.5.2 SCREENING TEST REFUSAL

- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested by his/her appointing authority, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.
