

Custody Searches

902.1 PURPOSE AND SCOPE

The purpose of this policy is to establish consistent department procedures which conform to Penal Code § 4030 regarding pat-down, booking and strip searches of pre-arraignment detainees.

902.2 DEFINITIONS OF SEARCHES

Pat-Down Search - This is the normal type of search used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the prisoner, or other prisoners.

Booking Search - This search is used in the jail and again involves a thorough patting down of an individual's clothing. All pockets, cuffs, etc., on the clothing are checked to locate all personal property, contraband, or weapons. The prisoner's personal property is taken and inventoried.

Strip Search or Visual Body Cavity Search - This is a search that requires a person to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks or genitalia of such person (Penal Code § 4030(d)(2)). This includes monitoring of an arrestee showering or changing clothes where the arrestee's underclothing, buttocks, genitalia or female breasts are visible to the monitoring employee.

Physical Body Cavity Search - This is a search that includes physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of a person, and the vagina of a female person (Penal Code §§ 4030(d)(1) and 4030(d)(3)).

902.3 PAT DOWN SEARCHES

When any officer has reasonable suspicion to believe that a person being lawfully detained may possess weapons or other dangerous items, or in such circumstances the officer reasonably believes that the individual may present a threat to officer safety, that officer may conduct a normal pat-down search of that individual.

Prior to detaining any individual in any police vehicle, an officer should conduct a normal pat-down search of that individual.

Whenever practical, a pat-down search of an individual should be conducted by an officer of the same sex as the person being searched. Absent the availability of a same sex officer, it is recommended that a witness officer be present during any pat-down search of an individual of the opposite sex as the searching officer.

902.4 BOOKING SEARCHES

- (a) Absent emergency circumstances in which no reasonable alternative exists, no person arrested for a misdemeanor or infraction not involving weapons, controlled substance or violence may be placed in the general jail population, unless all of the following conditions exist:
