SAN LUIS OBISPO

Zero Waste	Climate & Clean Tech	Local Food & Water
Tuesday April 25, 2017	Wednesday April 26, 2017	Thursday April 27, 2017
<p><b>Fixing For Change: Worn Wear Tour</b> 11- 6pm Mott Lawn The Worn Wear program celebrates the stories we wear, keeps your gear in action longer and provides an easy way to recycle Patagonia garments when they're beyond repair.</p>	<p><b>Succulents for Senators</b> 10-11am 197-107 Join students from Epsilon Eta, as they start an exchange program where students receive a plant for sending our senators or representatives a letter! They will discuss the importance of writing a letter and finding different creative ways to contact elected officials.</p>	<p><b>ASI Farmers Market</b> 11-1pm UU Plaza Join ASI for a farmers market featuring Cal Poly's own produce and fruit from the farms.</p>
<p><b>Zero Waste Clothing Swap</b> 12- 2pm Mott Lawn Bring your unused clothes to Mott Lawn so they can be upcycled for those who want to give them a second life!</p>	<p><b>Climate Solutions Fair</b> 11-1pm Mott Lawn Meet people from all across campus working to fight climate change in a variety of ways.</p>	<p><b>A Taste of Campus Dining</b> 11-1pm Metro Pavilion Like free samples? Join Campus Dining as they welcome their local vendors to showcase fresh and local ingredients.</p>
<p><b>Student Experimental Farm Tour</b> 12-1pm meet in Rec Center roundabout Have you heard of the Cal Poly Experimental Farm? One of Cal Poly's best kept secrets, it is a plot of land devoted to student-led, sustainable agriculture projects. As part of the Fixing For Change: Worn Wear Tour event at Cal Poly, Lexi Montgomery of Acroecology club will be leading a tour of the farm!</p>	<p><b>The Future of Renewables: REC Solar Panel Presentation</b> 11- 12:30pm ATL(007-02) Join REC Solar's CEO, Lead Engineer, and Director of Product Development as they discuss the Cal Poly Solar Project, the future of renewable energy, and what Cal Poly students can do to prepare themselves for careers in the renewable energy sector.</p>	<p><b>Ag and Climate Change: Challenges and Solutions</b> 11-12pm ATL(007-02) Join us to hear from the Cal Poly Center for Sustainability and learn how agricultural systems can contribute to climate change or slow it down. Find out why sustainable food systems really matter and what YOU can do to be part of the solution.</p>
<p><b>Q &amp; A with iFixit Founder, Kyle Weins</b> 2- 3pm 197-107 Kyle Wiens is the co-founder and CEO of iFixit, an online repair community and parts retailer internationally renowned for their open source repair manuals and product teardowns. Launched out of his Cal Poly college dorm room in 2003, iFixit has now empowered upwards of 15 million people to repair their broken stuff.</p>	<p><b>Cal Poly Climate Action</b> 12:30- 1:30 pm ATL(007-02) Cal Poly just released its first climate action plan or CAP. This panel discusses how it was developed, what we learned about Cal Poly, and the path forward (to Net Zero) charted in the CAP.</p>	<p><b>Getting Things Done on a Global Scale with World Wildlife Fund Senior VP, Jason Clay</b> 1- 2pm ATL(007-02) Jason's ideas are changing the way organizations identify and address risks and opportunities for their work. Jason's goal is to create global standards for producing and using raw materials, particularly in terms of carbon and water.</p>
<p><b>Death By Design Film Screening</b> 3-4pm 197-107 Death by Design, a feature length documentary, explores this question and uncovers a global story of damaged lives, environmental destruction and devices that are designed to die.</p>	<p><b>Ocean Energy Potential</b> 2- 3pm ATL(007-02) An overview of ocean energy technologies, potential benefits, potential environmental impacts, and the need for innovative designs as well as advanced environmental monitoring and mitigation technologies to reduce impact.</p>	<p><b>Let's BEET Hunger!</b> 2- 2:30pm 197-107 Stop by and learn about the paradox of plenty in one of California's most under-served communities: Tulare County, CA. Students participated in an interdisciplinary community engagement trip that explored how implementing food sovereignty has the potential to change the current state of the food system.</p>
	<p><b>Becoming a Carbon Negative Company</b> 4:30- 5pm ATL(007-02) An original Cal Poly startup, Bract is an all hemp clothing line dedicated to sustainability; for every product purchased we will plant two trees in a US National Forest. Our mission is to be a carbon negative company, we believe we can achieve this by using environmentally-friendly fabrics such as hemp and natural dyes for our products.</p>	<p><b>Food for the Future: Reduce Your Footprint</b> 3- 5 pm 197-107 Hear how our food choices can increase the health and happiness of our planet and community at this panel discussion for the first hour. Bring a dish or just bring an appetite, because the second hour leaves time to share food and ideas with the Cal Poly Community, a pot-luck!</p>
<p><b>Bioneers Videos: Restorative Justice and Creativity</b> 5:30- 7:30pm 197-107 Former Black Panther Erika Huggins on the role of spiritual practice in social justice work and poets Alixa Garcia and Naima Penniman of Climbing PoeTree on celebrating creativity as the antidote to destruction.</p>	<p><b>Bioneers Videos: Climate Change and Energy Transitions</b> 5:30- 7:30pm 197-107 Sungevity founder Danny Kennedy on optimizing the energy transition and Thomas Linzey and Mari Margil of the Community Environmental Legal Defense Fund on the movement for Community Rights and the Rights of Nature.</p>	<p><b>Bioneers Videos: Biomimicry and Ocean Farming</b> 5:30- 7:30pm 197-107 Biomimicry visionary Janine Benyus on nature-inspired breakthroughs in agriculture and commercial fisherman Bren Smith on 3-day ocean farming in the age of climate change.</p>

***Continue reading on the next page for events happening throughout April in the local community!***

### **Surfrider Fundraiser**

**Tuesday, April 18, 2017 5-7pm at Tap It Brewing Co.**

For every pint purchased between 5-7 p.m., Tap It Brewing Co. will donate \$1 to our chapter! Please come out for a brew or two to support our programs and help protect our ocean, waves and beaches in San Luis Obispo Country. <https://www.facebook.com/events/1639621026345551/>

### **Healthy Foodwebs, Healthy Soils**

**Friday, April 21, 2017, 9-5 pm at the Inn at Morro Bay**

Dr. Ingham will cover the basic principles of the soil foodweb, the steps to building soil health for enhanced plant productivity, and will address the production and use of bio-amendments such as compost and compost teas. Learn how to put a healthy soil biota to work for your farm or garden! For details and to register, please visit: <http://cfs.calpoly.edu/soilfoodweb.html>

### **Polycultural Weekend**

**4/21-23/2017 at Cal Poly**

PCW invites prospective students to stay with a host at Cal Poly for the weekend. Hostees stay with hosts from cultural organizations at Cal Poly, allowing them to get to know a different side of Cal Poly. We hope to see you there! For more information, visit [polycultural@calpoly.edu](mailto:polycultural@calpoly.edu)

### **March for Science**

**Saturday, April 22, 2017, 10-11:30 am at Emerson Park**

In solidarity with marches across the country, our goal for the March for Science in San Luis Obispo is to raise awareness of the importance of science in addressing society's largest and complex issues. We want to channel the momentum from this national movement towards local events and initiatives supporting science education, research, and policy.

### **El Chorro Earth Day Celebration**

**Saturday, April 22, 2017, 11am-5pm at El Chorro Park**

Reclaim the power of the first Earth Day that took place in 1970. It is considered the beginning of the environmental movement and inspired Nixon to create the Environmental Protection Agency (EPA). Attend the 27th Annual SLO County Earth Day Fair on Saturday, April 22, 2017. As with other Earth Day events across the nation, SLO County will include March for Science activities and Teach-ins. Check out the Green Car Show, Eco Marketplace, Kid's Zone, and Action Alley.

### **Beneath the Surface Beach Cleanup**

**Saturday, April 22, 2017, 9am-1pm at Bob Jones Trail**

Join the Central Coast Aquarium for our 6th Annual Beneath the Surface Beach Clean-up Festival! We will be cleaning up along the Avila Beach sand, around the estuary, and down the Bob Jones Trail. Beautify the land we love so much and then enjoy our festival which will include a FREE BBQ LUNCH for all participants, live music, a raffle, and lots of environmental organizations' booths with activities for kids. <http://www.centralcoastaquarium.com/> & Facebook event

### **Original Women's Narratives**

**Friday, April 28, 2017, 7-10 pm at Chumash Auditorium**

The Gender Equity Center is proud to present the second annual production of OWN (Original Women's Narratives): PowHerful Voices of Storytelling, a unique and innovating theater production that highlights the power of storytelling by exploring the experiences of Cal Poly women-identified students regarding culture, body image, sexual orientation, and so much more. The GEC hopes to empower our local community in this combination of social justice, a stage production, and an art gallery! We hope you are able to join us and watch Cal Poly HerStory in the making! [own2017.eventbrite.com](http://own2017.eventbrite.com)

### **Conscious College Road Show**

**Monday, May 1, 2017, 11am - 8pm at Mott Lawn and 10-206**

Join the Empower Poly Coalition and Turning Green for the Conscious College Road Tour! From 11:00-3:00 on Mott Lawn learn about green living and pick up free samples. Join us later at 6:00pm at our Town Hall meeting in building 10 room 206 to discuss sustainability on campus and eat some delicious food from Chipotle.
