Travel Expense Report

All CSU related travel for faculty and staff must have an approved Travel Request before an expense report can be created.

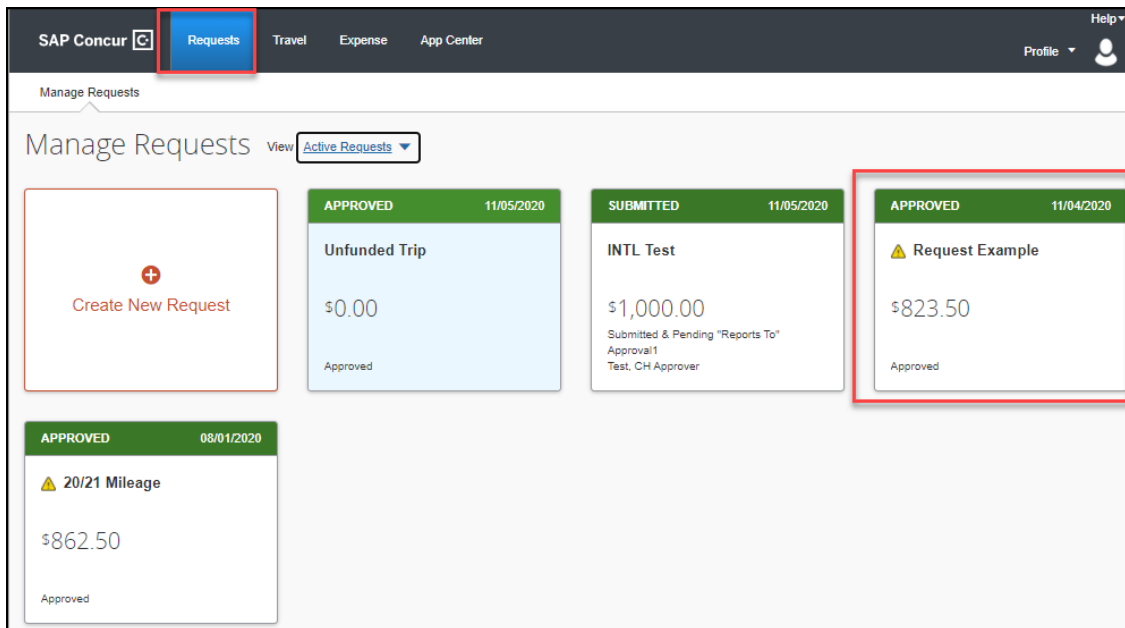

Per CSU Travel Procedures, Section IX; A ***"Travel Expense Claim must be submitted to the campus Travel Reimbursement office within 60 days of the end of a trip unless there is recurrent local travel, in which case claims may be aggregated and submitted monthly."***

Please be aware Approved Travel Requests will automatically close on day 61 after the travel end date. In order to submit a late expense report, the request will have to be re-opened. The request will not be re-opened until exception approval has been obtained from Division VP and CFO.

Creating an Expense Report

To create a report:

1. Click **Request** on the header toolbar, and then select the tile for the specific trip request.

Select **Create Expense Report**.

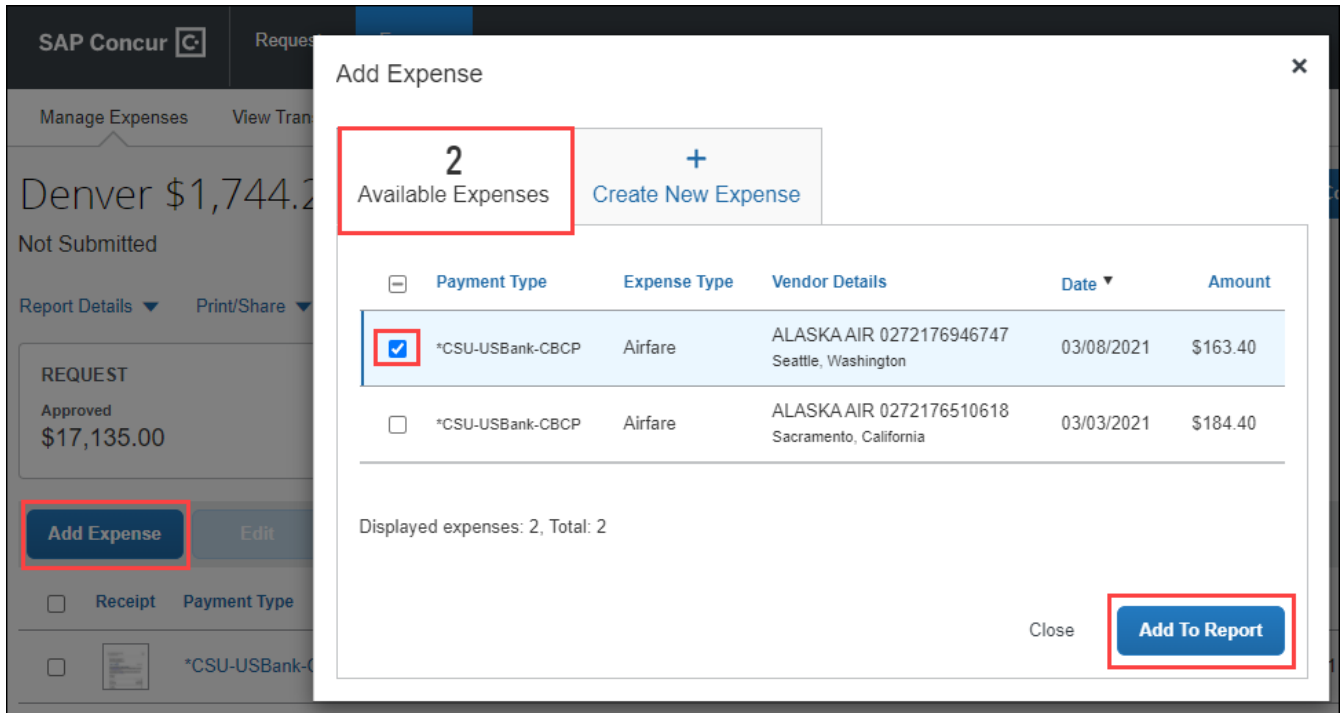

Adding Expenses to the Report

There are various ways to add expenses and compile a complete expense report. Overall, the goal is to reflect all costs associated with a trip, regardless of payment method.

Travel Credit Card/Ghost Card Charges

You can add Concur Travel card transactions to an expense report in these ways:

- From the open expense report (**Add Available Expenses**)
 - From the **Available Expenses** section (**Expense > Manage Expenses**)
1. From the open expense report, click **Add Expense**. Select related expenses and then **Add to Report** button.

- a. Verify or update the Expense Type classification of the imported credit card transactions or any other required fields that need to be populated.

2. From the **Available Expenses** section (**Expense > Manage Expenses**), select each transaction that you want to assign to the current expense report.

- a. Click **Move** and select the related expense report.

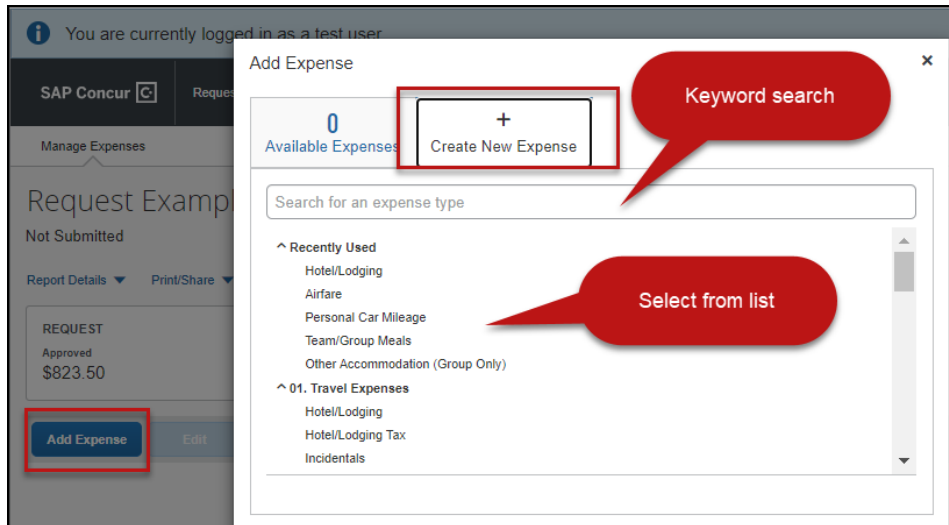

- b. Verify or update the Expense Type classification of the imported credit card transaction.

Out-of-Pocket Expense

To add an out-of-pocket expense to an Expense Report:

1. From the open report, click **Add Expense**.

2. On the **New Expense** tab, click the appropriate expense type. Each expense type will have their own set of required fields and configuration.
3. The page refreshes, displaying the required and optional fields for the selected expense type.
4. Complete the required and optional fields. Click one of the following:
 - Save
 - Itemizations - to itemize the expense and classify as two different expense types (i.e. dinner and parking). NOTE: Hotel expenses **require** itemization to break down nightly rates, taxes, etc.
 - Allocate - to allocate the expense between various chartfields as applicable
 - Attach Receipts - to upload and attach receipt images
 - Cancel - to exit without saving this expense

- CSU and campus specific audit rules are integrated into the system. When adding an expense that requires a certain action an alert message will appear:
 - **Warning-** ⚠️ eligible to continue and submit.
 - **Hard Stop-** 🛑 cannot move forward and must make correction prior to submission.

Personal Car Mileage

You must register a car for the applicable mileage type to be reimbursed for mileage. For instructions on setting up your vehicle(s), see the **Personal Car** section, within the **Concur Reference Guide- Profile Setup**.

To Create a Car Mileage Expense

- With the Expense Report open, on the **New Expense** tab, select the Personal Car Mileage Expense Type. The mileage form will open with the required and optional fields displayed including the **Mileage Calculator** link.

Blanket Mileage Claims

There are situations where a travel request may be submitted, for mileage only, for an entire fiscal year. This is generally applicable to site supervisor travel around the area to supervise our students placed in clinical or school sites. While the travel request covers the full fiscal year, an expense report can be submitted monthly, at the closure of each calendar month. Start the expense report like any other, note the total miles for that month. Enter in the mileage for the month or reporting period and submit for approval.

Submitting an Expense Report

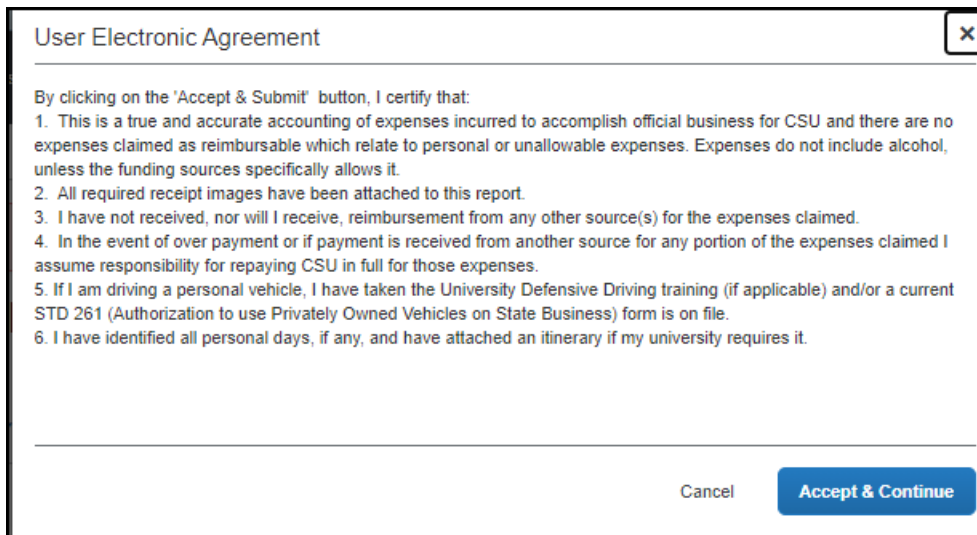

To Submit Your Expense Report

1. On the Expense Report page, click **Submit Report**.

The screenshot shows a web interface for an expense report. At the top, it says "Request Example \$602.93" with a trash icon. Below that, it says "Not Submitted". There are two buttons: "Copy Report" and "Submit Report". Underneath, there are four menu items: "Report Details", "Print/Share", "Manage Receipts", and "Travel Allowance". A box labeled "REQUEST" contains the text "Approved" and "\$823.50".

2. The **Final Review** window appears with the User Submit Agreement. By clicking **Accept & Continue**, the user is accepting the terms and conditions of the agreement.

The screenshot shows a "User Electronic Agreement" window. It contains the following text:

By clicking on the 'Accept & Submit' button, I certify that:

1. This is a true and accurate accounting of expenses incurred to accomplish official business for CSU and there are no expenses claimed as reimbursable which relate to personal or unallowable expenses. Expenses do not include alcohol, unless the funding sources specifically allows it.
2. All required receipt images have been attached to this report.
3. I have not received, nor will I receive, reimbursement from any other source(s) for the expenses claimed.
4. In the event of over payment or if payment is received from another source for any portion of the expenses claimed I assume responsibility for repaying CSU in full for those expenses.
5. If I am driving a personal vehicle, I have taken the University Defensive Driving training (if applicable) and/or a current STD 261 (Authorization to use Privately Owned Vehicles on State Business) form is on file.
6. I have identified all personal days, if any, and have attached an itinerary if my university requires it.

At the bottom, there are two buttons: "Cancel" and "Accept & Continue".

If you cannot successfully submit the report, a message appears describing the report error or exception. Correct the error, or if you require help to complete the task, contact Accounts Payable/Travel, sacstatetravel@csus.edu.

Tracking Status of an Expense Report

You can review the status of your submission in two different ways. Either way will show you what stage of the approval workflow your report is in.

When logged in you can select the Expense module and take note of the status on that report's tile:

Alternatively, you can open the expense report and select the **Report Details** hyperlink, then select **Report Timeline**.

The Report Timeline will show what approvals have occurred thus far and where it is in the flow.

In the example to the right, this report is with the "Reports To" Approver2.

Acting as a Delegate

Send Receipt Images to Travelers Available Receipts Library

The Delegate cannot set up an email account when they are delegating, nor can they use the verified email account they have set up for their own profile to populate another user's Available Receipts Gallery. However, the delegate can upload receipt images to Concur for attachment to the line item of the Traveler/Cardholder's report they are acting on. The following steps should be completed during profile setup:

1. The Traveler/Cardholder must verify his/her own email address in his/her profile.
2. The Delegate must verify his/her own email address is in his/her profile.
3. The delegate must have the correct delegation permission (can view receipts, can attach receipt, etc.). To update delegate permissions, go to **Profile > Profile Settings > Expense Delegates > Add a Delegate > select Can Prepare and Can View Receipts**.
4. Then, the Delegate can email receipts to receipts@concur.com with the correct image extensions and size (must be a .png, .jpg., .jpeg, .pdf, .html, .tif or .tiff file; 5 MB limit per file).
5. *The Delegate must put the Traveler/Cardholder's email address in the subject line.*
6. The receipt will show in the Traveler/Cardholder's **Available Receipts** gallery within three minutes.

Support Documents for Chancellors Office/CPO Submission

CPOs are inter-CSU transactions between a campus and the CO or another campus. The CO facilitates moving funds between campuses by way of a CPO (journal entry). The CO generally requires copies of the expense report and related receipts, depending on the allocation involved. The awarding department at the CO/campus will generally give recipients/participants instruction on what will be reimbursed, and the department will have to decide if they will cover any variance that may occur between reimbursement allowed by CSU procedures and allocation received by the CO/campus.

In consultation with the CO Accounting team, in Fall 2018, a copy of the expense report from Concur and the supporting receipts can be utilized for CPO support in lieu of copies provided under paper environment.

Sometimes the CO asks for receipts that are not required by the policy – it will be important for travelers/departments to retain those additional copies IF a CPO is in play or until these additional requirements are no longer exercised.

1. In Concur, go to the expense menu, and to the right of the Report Library view, click the drop down to select the Date Range to pull up submitted expense reports.

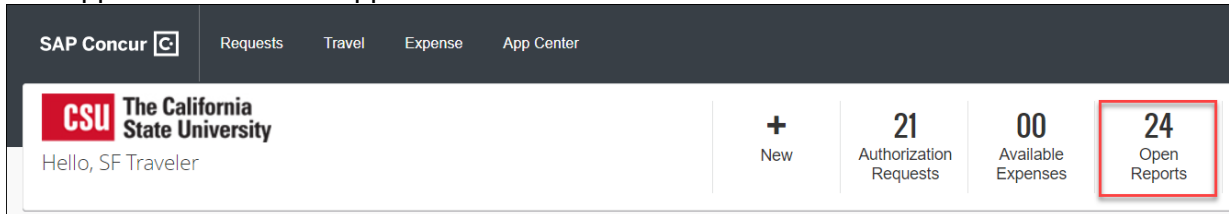

2. Select the correct expense report and then click "Print/Share" link and select "CSU-Detailed Report with Summary Data." Print this report to PDF. The PDF version will also contain the related receipts that were attached. This file can then be sent to the appropriate CO contact or campus accounting team for CPO support.

Correcting and Resubmitting an Expense Report

If an error is found within your expense report, it may be returned by the expense report Approver or Processor. The Approver or Processor will include a comment explaining why the report was returned to you.

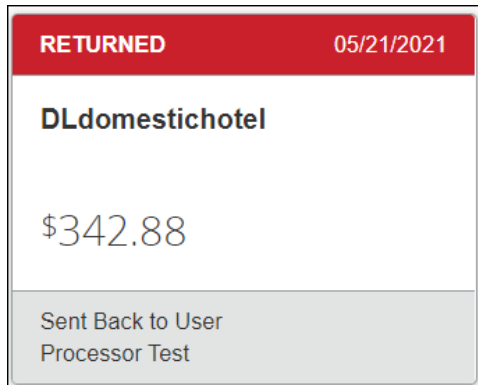

To identify and correct expense reports requiring resubmission:

1. On the home page, in the Quick Task Bar, click the **Open Reports** tile. In the **Manage Expenses** section of the page, the report appears with **Returned** header on the report tile. The approver's comment appears below the amount.
